# WoodSolutions Case Studies

From innovative timber building systems to historical restorations, artists' studios to education facilities, detached houses to office blocks – you'll find an inspiring and informative range of case studies at WoodSolutions

[Search the case study list here](#)

Or explore these examples. *Click on the button to link to the project.*

### The Zurich Elephant House – a CLT engineering feat.

A compound of some 22,000 m<sup>2</sup> with a 6,800 m<sup>2</sup> shelter under a wooden free form cupola spanning 80 m.

### Kooyong Road Residence – a meeting of two worlds.

Traditional Victorian segues to a striking modern renovation in this polished project.

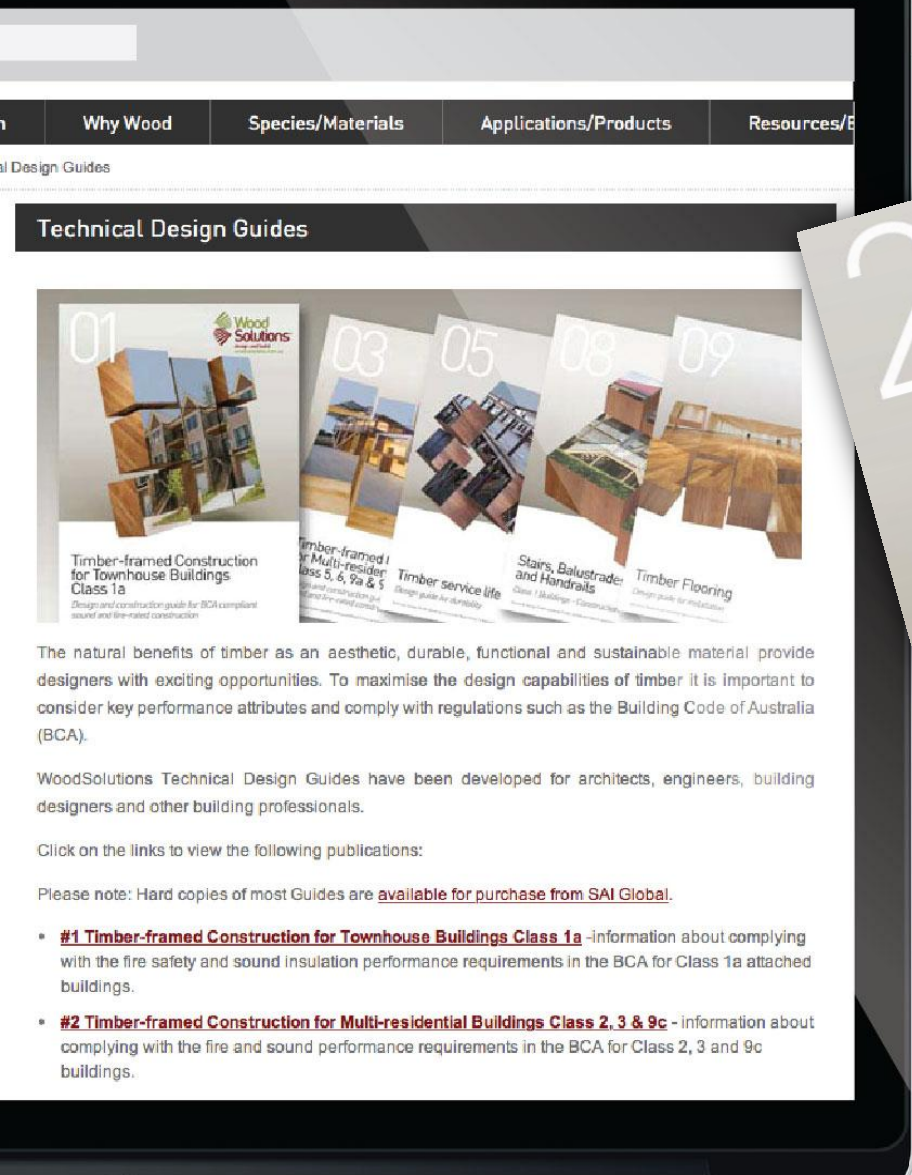

### Armada House – a striking statement in timber

A combination of timber products feature in this 492m<sup>2</sup> dwelling in the mountains of Victoria, British Columbia.

### The Library at the Dock – Glulam and CLT combine

Australia's first community building to use massive timber construction system, the Library at the Dock has a 6 star green rating.

The natural benefits of timber as an aesthetic, durable, functional and sustainable material provide designers with exciting opportunities. To maximise the design capabilities of timber it is important to consider key performance attributes and comply with regulations such as the Building Code of Australia (BCA).

WoodSolutions Technical Design Guides have been developed for architects, engineers, building designers and other building professionals.

Click on the links to view the following publications:

Please note: Hard copies of most Guides are available for purchase from SAI Global.

- **#1 Timber-framed Construction for Townhouse Buildings Class 1a** - information about complying with the fire safety and sound insulation performance requirements in the BCA for Class 1a attached buildings.
- **#2 Timber-framed Construction for Multi-residential Buildings Class 2, 3 & 9c** - information about complying with the fire and sound performance requirements in the BCA for Class 2, 3 and 9c buildings.

## Ask An Expert

WoodSolutions Ask An Expert gives you our expert panel's answers to a wide range of questions. Simply use the search function below to find the information you are seeking. You can search by topic, keywords or both topic and keywords. Making your search as precise as possible will help you find the most relevant information.

Please note that the information provided in the answers is general advice only and subject to our [Disclaimer](#). It is your responsibility to ensure that your project complies to any and all relevant building codes and standards or other approvals and requirements applicable in your area.

Please select Question Topic, enter keywords to search by and click search

Select Question Topic(s). Use 'Ctrl-Click' to select multiple topics.

- Any
- Environment, sustainability and recycling
- Exterior timber and decking
- Forestry, wood processing and certification
- Interior timber and flooring
- Preservative treatments and finishes
- Species, hardwoods and softwoods
- Standards, codes & compliance
- Structural
- Wood products
- Other

Please enter keywords below. Separate keywords by space.

Search

Environment, sustainability and recycling -- 8 question(s) found

Exterior timber and decking -- 91 question(s) found

Forestry, wood processing and certification -- 10 question(s) found

Interior timber and flooring -- 32 question(s) found

# WoodSolutions Ask an Expert

Here's a treasure chest of information – questions and answers on topics ranging from fixings and finishes to building code compliance and species suitability.

 [Search the Q&A list here](#)

Ask an Expert categories include:

- Environment, sustainability and recycling
- Exterior timber and decking
- Forestry, wood processing and certification
- Interior timber and flooring
- Preservative treatments and finishes
- Species, hardwoods and softwoods
- Standards, codes & compliance
- Structural
- Wood products
- Other

If you can't find the answer you're looking for in the Search results, you can call the Ask An Expert line or submit an email question.

# Presentations and CPD

## WoodSolutions Seminar

Victoria's 2015 Australian Timber Design Award Winners - presented by their creators

### Program

12.30 pm **Registration** Performance Space Library at the Dock

12.45 pm **Invermay House** – ATDA 2015 Rising Star Award  
Mick Moloney, Moloney Architects

**Red Hill House** – ATDA 2015 Excellence in Timber Design Residential Class  
Simon Cookes, Duckbuild Architecture

**Port Melbourne Football Club Facility** – ATDA 2015 Sustainability Award  
Theodore Kerlidis, K20 Architecture

#### Afternoon Tea

**University of Melbourne School of Design** - ATDA 2015 Excellence in Timber Design **Public Buildings** and overall ATDA 2105 Excellence in Timber Design Award  
Stephen Georgalas: John Wardle Architects

**Box Office** – ATDA 2015 Excellence in Timber Design Interior Fit-out Commercial  
Pete Sullivan, Cox Architecture

**Beach House** – ATDA 2015 Timber Windows & Doors Award  
Ray Demkiw, Schulberg Demkiw Architects

**Update on new 2016 NCC Changes - Timber Construction up to 25m**  
Alastair Woodard, WoodSolutions

5.00pm **Final Questions and Wrap up**

## FEEDBACK FORM

We would appreciate it if you could take a few moments to complete this form to let us know how we did, and what could be done better in the future.

1. Overall, how did you feel about today's seminar?

---

---

2. Of the presentations provided which did you find of most interest and value?

- |   |   |
|---|---|
| <input type="checkbox"/> Invermay House                           | <input type="checkbox"/> Box Office                 |
| <input type="checkbox"/> Red Hill House                           | <input type="checkbox"/> Beach House                |
| <input type="checkbox"/> Port Melbourne Football Club Facility    | <input type="checkbox"/> Update on 2016 NCC Changes |
| <input type="checkbox"/> University of Melbourne School of Design |   |

3. How would you assess the skills and ability of today's speakers?

Low High  
0 1 2 3 4 5 6 7 8 9 10

Comment: .....

4. How do you think that the seminars might be improved to better serve your needs?

..... Would you prefer?  
 More detail  
 Less detail, or  
 Detail level was OK

5. In future seminars, what other major topics would you like to see covered?

---

---

6. What do you think of Library at the Dock as a future venue for WoodSolutions seminars?

- Venue is suitable  Venue is not preferred: Reason (?): .....

**I would like to be emailed PDF copies of the following Seminar presentations**

- |   |   |
|---|---|
| <input type="checkbox"/> Invermay House                           | <input type="checkbox"/> Box Office                 |
| <input type="checkbox"/> Red Hill House                           | <input type="checkbox"/> Beach House                |
| <input type="checkbox"/> Port Melbourne Football Club Facility    | <input type="checkbox"/> Update on 2016 NCC Changes |
| <input type="checkbox"/> University of Melbourne School of Design |   |

I would like a CPD Certificate for Attendance at today's Seminar (Informal CPD points)

I would like to pre-book a seat at the May 2016 WoodSolutions Seminar on 'Design, Specification & Systems for Mid-Rise Timber Construction'

Name: .....

Email address: .....

# Australian Timber Design Awards 2016

Awards opened on the 15<sup>th</sup> February 2016  
Awards entries close on the 30<sup>th</sup> June 2016

## Entry Procedure

Entry Procedure via the website - [www.timberawards.com.au](http://www.timberawards.com.au)

1. Register and pay the project entry fee online
2. Once registration and payment are completed, a tailored questionnaire will be emailed to you detailing project information required for your chosen category or categories. The questionnaire is to be filled out and submitted with low-res images by the closing date (this information will be used for the judging process).
3. Submit high-res images by mail (these images are for the presentation night and Awards magazine).

**Winners will be announced in Sydney at the Awards Presentation Night in mid-September**

# Discover WoodSolutions

The screenshot shows the WoodSolutions website interface. At the top, the URL is <http://www.woodsolutions.com.au>. The main navigation menu includes: Home, Inspiration, Why Wood, Species/Materials, Applications/Products, and Resources/Events. A red box highlights the 'Resources/Events' menu item. Below the navigation is a featured image of the 'Advanced Engineering Building'. The main content area is titled 'WoodSolutions The website for wood' and includes sections for 'Latest Inspiration', 'Latest News & Blogs', and 'Events Calendar'. A 'Free professional CPD tutorials' banner is visible. On the right side, there is a 'timber design AWARDS' logo and a 'Search the database, ask questions' callout box. At the bottom right, there is a 'Don't miss an event' callout box. A 'Free WoodSolutions Technical Design Guides' download button is also present.
